- Express.js

LANGUAGES

- İngilizce B2

ABOUT ME

In the field of frontend development, I have knowledge of React.js, Next.js, React Native and Tailwind CSS. I am enthusiastic about developing modern web and mobile applications and have gained experience in these technologies.

I also have knowledge of Node.js and Express.js in the field of backend development. I have basic experience in server-side applications and API development.

I am open to learning and improving myself. I want to further improve my knowledge and skills by taking part in your team.

EDUCATION

OSTİM TECHNICAL UNIVERSITY

Software Engineering
